Med 92-22-5

T.S. Jeyaram Aiyar, Esq., B.A., B.L.,
Secretary to Government,
Revenue Department, Bangalore.

Sir,

With reference to para 2 of your letter No.6807-Med. -22-4 dated 4th instant, I have the honour to state that it is not desirable to disregard even temporarily the object for which the quarters were originally constructed, viz., to provide accommodation for the Lady Medical Officer, attached the Hospital.

Mrs.Isaac cannot be a permanent fixture in the Victoria Hospital and may have to be replaced at any time a substitute who will have to be given the quarters. Any

any temporary disposal of the quarters should be of such a nature as would allow of the same being made available at a moment's notice whenever necessary.

Any Officer occupying the quarters on payment of rent cannot, in fairness, be made to vacate them without sufficiently long notice which is usually recognised as three months.

I therefore request that the quarters may be allowed to be occupied free of rent by any medical officer attached to the Victoria Hospital, preference being always given to the Lady Medical Officer or subordinate attached to the institution or undergoing post-graduate course therein, as was done in the case of Miss.Palmer in G.O. No. 5763-8 med 39-14-4 dated. 27th January 1915

I have the honour to be,
Sir,
Your most obedient servant,

A.M.S. & V.A.

Senior Surgeon.

4- JUN 1923

To
T.E. Jeyarama Aiyar, Esq., B.A., B.L.,
Secretary to Government,
Revenue Department,
Bangalore.

SIR,

With reference to your letter No.L.6807-Med.92-22-4, dated 4th April 1923, and para 4 of Government Order No.L. 2604-8-Med.112-21-5, dated, 19th September 1922, calling for proposals for otherwise utilising the buildings, now occupied by the Medical School and that intended for the occupation of the Lady Medical Officer, attached to the Victoria Hospital, I have the honour to state that the four residential quarters were originally built for the use of the marginally noted

1. Resident Medical Officer.
2. Post Graduate Officer.
3. Steward.
4. Lady Medical Officer.

Medical Officers of the Hospital. The building in which the Medical School is now located was the Resident Medical Officer's quarters and was first occupied by Rajakarya-pravina Rao Bahadur Dr.T.V.Arumugum Mudaliar, when he was the Resident Medical Officer. The building now occupied by the Resident Medical Officer was intended for the Post Graduate Officer, and was occupied by me as such, at one time. There was a dislocation of the arrangement when Dr.Arumugum became the Medical Officer of the institution and yet allowed to continue to live in the quarters occupied by him as Resident

Resident Medical Officer. The Resident Medical Officer had to be found accommodation in the building meant for the Post Graduate Officer, and the latter had no quarters to live in. As the successive officers, who were deputed for Post Graduate Course, happened to have their own houses to live in, the question of the want of quarters for the Post Graduate -- Officer did not arise till 1916, when a reference was made to Government, for the grant of house-rent in lieu of quarters to Mr.T.S.Siddappa, who was transferred to the Victoria Hospital, for the Post Graduate Course. The then condition perhaps did not induce Government to sanction house-rent.The grant of a house rent cannot, in my opinion, serve the interests of the medical institutions concerned to the same extent as the provision of residential quarters in the premises would.

As the Medical Officer is not now occupying any of the residential buildings, I think that it is time to restore the original arrangement by giving the school house to the Resident Medical Officer, as soon as the alterations to the Old"A" Station (Power House) are completed and to make the building now occupied by the Resident Medical Officer, available to the Post Graduate Assistant Surgeon, whose residence on the premises is very essential for a satisfactory Post Graduate course, that he might be made to attend to emergencies along with the Resident Medical Officer and to other work, by day or by night, to have a thorough grounding in all branches of hospital administration.

As regards the Lady Medical Officer's quarters, it is not desirable to change the purpose of the building for the simple reason that Mrs.Isaac, the present Lady Medical Officer, has been permitted to live with her husband outside. This officer is not a permanent fixture in the Victoria Hospital. When another Lady Medical Officer happens to be in her place, the Hospital quarters will hav e to be put to its proper use,

use, at any moment.

For the present, as the Resident Medical Officer will have to continue in his present quarters, till the Medical School is -- shifted elsewhere, I recommend that Assistant Surgeon, who has joined duty in the Victoria Hospital for Post Graduate Course, in accordance with G.O.No.L.7131-Med.2-22-22, dated 20th April 1923, may kindly be permitted to occupy the Lady Medical Officer's quarters which are vacant, free of rent, as was done before.

Early orders are solicited.

I have the honour to be,

Sir,

Your most obedient servant,

J Mclean

Ag. Senior Surgeon.
